PLEASE RENAME THE FILE WITH THE WORDS ‘NSF PROJECT APPLICATION AND SURNAME OF THE PI: E.G. ‘NSF PROJECT APPLICATION, SMITH’.

Address for submission and queries is **kristin.flegal@glasgow.ac.uk**

Please note that we are confined to funding research in Scotland

1. Project title:
Sum applied for:
Start date:
End date:

2. Principal applicant’s details:

Include your title, name, work address and email:

Roll in project and estimated hours per week: _____

Provide similar details for up to 2 co-applicants

3. Project summary *(maximum 150 words)*:

4. Lay summary (*maximum 150 words*): Note that this section is critically important and should emphasise the potential benefit to patients. It will enable the lay Trustees to assess the importance of the application.

5. Proposed research project:

In not more than two pages please outline what will be done and what it could lead to. You must provide sufficient detail to enable peer reviewers on our Medical Advisory Committee to assess the scientific and clinical merits of the project.

6. Details of amount requested. Please note that we provide funds to enable the work to be undertaken but do not fund the full economic costs incurred by your employer.

7. Curriculum vitae of applicant(s): maximum 1 page per applicant.

Please attach a recent shortform CV for each applicant.
